# TESTIMONIALS

HERE'S WHAT PAST PARTICIPANTS HAD TO  
SAY ABOUT THE MENTORSHIP

---

"I was writing my first novel and the Novel Writing Workshop saw me through from the first uncertain chapter to a completed first draft. The feedback was extremely helpful and it brought out ideas for improvement that I would not have come to on my own. It made my first draft stronger. The feedback was given in a positive way that brought out the best in everyone's work. Kristine and JC were knowledgeable and supportive, giving us insights into the writing process that helped improve our work."

-AH

"Being asked to write a synopsis, create an outline, and been given feedback kept me on course as well as allowed me to make 'happy writing accidents along the way.'"
